An interesting **photo** related to your technology
(be careful not to disclose key technology)

Market Needs:

1. Biofilm culture technology
2. vaccine

Our Technology:

The invention is useful as a biofilm culture technique in which a biofilm can be simply collected by a suspension method, and subsequent studies and vaccine preparation can be performed. This method is suitable for all bacteria.

Strength:

Quickly and easily collect biofilm
Suitable for all bacteria

Competing Products:

NO

Intellectual Properties:

NO
